

TOWN COUNCIL

DATE: 4 SEPTEMBER 2019

REPORT OF: TOWN CLERK

SUBJECT: POLLING DISTRICT AND PLACES REVIEW 2019

PART I

RECOMMENDATION

The Town Council is asked to formulate a response to the Returning Officer in respect of the Polling District and Places Review 2019.

1. BACKGROUND

Under the Representation of the People Act 1983 (as amended by the Electoral Registration and Administration Act 2013), Teignbridge District Council is required to undertake a statutory review of our Parliamentary polling districts and polling places. The Act also requires that they consult widely before reaching a decision on preferred polling district and polling place arrangements. In addition, the Acting Returning Officer for each constituency is required to submit his or her own proposals for future electoral arrangements.

2. LOCATION

In Teignbridge a polling district, where possible, is normally an entire parish or ward of a parish. In the larger towns some parish wards may be split into separate polling districts to enable voters within a large parish or parish ward to be allocated to different polling stations. A polling place is the area in which a polling station will be selected by the (Acting) Returning Officer. The polling place is normally designated as the entire area of the parish so that the choice of polling station or stations is not restricted, as polling station locations may need to change if they become unavailable for a particular election.

DAWLISH TOWN COUNCIL

Polling stations are chosen by the (Acting) Returning Officer and although they do not form part of this review, any comments on the designated polling stations for each area will be taken onto account as part of their on-going process to improve access to democracy at a local level.

Statutory Review of Polling Districts and Polling Places

NOTICE IS HEREBY GIVEN that Teignbridge District Council, in pursuance of the powers conferred upon it by sections 18A to 18E of the Representation of the People Act 1983 (as amended by the Electoral Registration and Administration Act 2013), shall undertake a review of the parliamentary polling districts and parliamentary polling places within its area.

The consultation period for this review will commence on **Monday 5 August 2019** and end on **Friday 6 September 2019**.

Any person or organisation wishing to make a representation in respect of the arrangement of polling districts and polling places within the boundary of Teignbridge District Council; must write to: Mrs Cathy Ruelens, Polling District Review, Electoral Services Office, Forde House, Brunel Road, Newton Abbot TQ12 4XX or by email to electoralservices@teignbridge.gov.uk by 6 September 2019.

The Council would welcome any person or body with expertise in access for persons with any type of disability to comment on the proposals, or on any other matter relating to this review. Where possible, people making representations should suggest alternative places that may be used as polling places.

In conducting this review, this authority will request submissions from the Acting Returning Officers for the Newton Abbot Constituency and the part of the Central Devon Constituency within the Teignbridge District Council authority area. These submissions will be published and available for inspection at Forde House, Brunel Road, Newton Abbot TQ12 4XX and at www.teignbridge.gov.uk no later than Monday 23 September 2019.

The closing date for comments on any proposals set out in the Draft Order or Acting Returning Officers' submissions is Friday 11 October. The Council will then consider the Acting Returning Officer's recommendations together with any other representations made.

All submissions, correspondence, minutes and decisions relating to the review will be made public on the Council's website as the review progresses. It is intended that the Council will publish its final proposals during November 2019.

REVIEW OF POLLING DISTRICTS AND POLLING PLACES

To assist any interested party who may wish to make representations, the Council has put together the following information.

Definition of a Parliamentary Constituency, District Ward, Polling District, Polling Place and Polling Station

a) Parliamentary Constituency

The area designated by the Boundary Commission which is represented by a Member of Parliament (MP) in the House of Commons. This cannot be changed by the review – it is the division of the constituency into polling districts and places that is under review.

b) District Wards

The District is divided into areas known as “Wards” which are represented by District Ward Councillors. Ward boundaries cannot be changed by this review – it is the polling districts and polling places which make up these wards that are under review.

c) Polling Districts

A polling district is the area created by the separation of a ward into smaller parts within which a polling place can be determined which is most suitable for the electors.

d) Polling Places

A polling place is the area or building in which the number of polling stations will be selected by the (Acting) Returning Officer.

e) Polling Station

A polling station is the room or area in which voting takes place. This must be located within the polling place that has been designated for the particular polling district. The number of polling stations to be accommodated within a polling place is the decision of the (Acting) Returning Officer for the election.

Timetable for the Review

The Council is required to publish notice of the holding of a review. This has been carried out by way of notices and information posted on the Council’s website. Copies of the notice have also been sent to Town and Parish Clerks for display. The timetable for the review is set out below:

Completion of review and Publication of final Polling District Places Order	By 31 January 2020

Criteria for Polling Places and Polling Districts

The Electoral Commission has set out guidance to assist in assessing the current arrangements and any proposals for change. As part of the assessment of the suitability of polling district boundaries, the following should be considered:

- Are the boundaries well defined? For example. Do they follow the natural boundaries of the areas? If not, is it clear which properties belong in the polling district?
- Are there suitable transport links within the polling district, and how do they relate to the areas of the district that are most highly populated? Are there any obstacles to voters crossing the current polling district and reaching the polling place e.g. steep hills, impassable major roads, railway lines, rivers?

There are also a number of factors that must be considered when reviewing existing polling places or assessing new polling places, including:

- The location: is it reasonably accessible within the polling district? Does it avoid barriers for the voter such as steep hills, major roads, rivers, etc.? Are there any convenient transport links?

- **Size:** if required, can the polling place accommodate more than one polling station? If multiple polling stations are required, is the polling place large enough to accommodate all voters going into and out of the polling stations, even where there is a high turnout?
- **Suitability:** is the building readily available in the event of any unscheduled elections? Is there any possibility that the building may be demolished as part of a new development? Is the building accessible to all those entitled to attend the polling place?

The Electoral Commission recognises that the choice of polling station will often be a balance between the quality of the building, in terms of access and facilities, and the proximity of the building to the electors it is intended to serve; and that there may be circumstances, where the polling place might fall wholly or partly outside the polling district because suitable alternatives are not available in the relevant area.

Although it is Council policy to avoid the use of schools where possible, there may be locations where there are no other suitable premises in the area. For the purposes of elections, the (Acting) Returning Officer is entitled to use schools maintained or assisted by a local authority, as well as those schools that receive grants made up of monies provided by Parliament, free of charge subject to covering the cost of heating, lighting and caretaking charges. In conducting this review it is proposed that, as far as possible, no more than 2,500 voters should be assigned to a polling station at local elections in order to minimise the risk of long queues. It should be noted that the number of postal voters in each polling district is a relevant consideration in this regard. In the event of a combined and/or Parliamentary Election, given more complex arrangements and higher voter turnout, it may be necessary to review these numbers. In all circumstances, consideration is given to whether a polling place is capable of accommodating more than one polling station, if necessary.

Presiding Officers are encouraged to make comments and observations regarding the suitability of polling stations to which they are allocated, along with Polling Station Inspectors who visited polling stations during the recent elections in May 2019. Any comments will be taken into account when conducting the review.

The Role of the (Acting) Returning Officer

Whilst it is for the Council to decide on the creation of polling districts and the location of polling places, it is for the (Acting) Returning Officer to decide how many polling stations are required for each polling place. The (Acting) Returning Officer must allocate electors to the polling stations in such manner as he or she thinks most conducive to the smooth running of polling day. The Council must consult the (Acting) Returning Officer as part of the review and the (Acting) Returning Officer must comment during any review on both the existing polling places and polling stations; and on any proposed changes.

Other representations

The Council is also required to seek representations from those with expertise in relation to access to premises and facilities for disabled people. Such persons must be given the opportunity to comment on the representations made by the (Acting) Returning Officer. Election candidates and agents, political parties and members of the Council will also be notified of the review.

Summary of Consultees

Any elector in the Constituency may make representations on the designation of polling districts or places. In addition, the Council has notified the following groups/individuals about the review:

The (Acting) Returning Officer for Newton Abbot
The (Acting) Returning Officer for Central Devon
The Member of Parliament for Newton Abbot
The Member of Parliament for Central Devon
Teignbridge District Councillors
Devon County Councillors representing divisions within the Teignbridge area
Teignbridge Town and Parish Councils
Registered Political Parties & Election Agents
Scope
RNIB South West
Age UK Devon

Completion of the review

After considering all of the representations, a draft Polling District Places Order will be produced and published for public comment. Once further comments have been considered a report will be presented to the Council.

The following information will be published on the Council's website and made available, upon request, at Forde House, Brunel Road, Newton Abbot:

- all correspondence sent in connection with the review
- all representations made by any group or person in connection with the review
- proposals for the designations of polling districts and polling places
- details of the actual designations of polling districts and polling places agreed as a result of the review

Challenging the Review

Although the Electoral Commission has no initial role in the review process itself, it does have an important role in respect of considering representations and observations that a Council has failed to conduct a proper review, on one of two grounds:

1. that the Council has failed to meet the reasonable requirements of the electors in the constituency, or a body of them (i.e. the reasonable requirements of a particular area of the authority have not been satisfactorily met); or
2. that the Council has failed to take sufficient account of the accessibility to disabled persons of polling stations within a designated polling place.

Representations based on any other grounds will not be considered by the Commission.

All representations made to the Commission must be made in writing either by post, email or fax and should include the location and any other relevant information, stating specifically why it is inaccessible or does not meet the reasonable requirements of the electors.

Who may make a representation to the Electoral Commission?

Section 18D (1) of the Representation of the People Act 1983, sets out who may make representations to the Electoral Commission namely;

- not less than thirty registered electors in the constituency (although electors registered anonymously cannot make a representation)
- a person (except the (Acting) Returning Officer) who made representations to the council when the review was being undertaken
- any person who is not an elector within the constituency but who the Electoral Commission feels has sufficient interest in the accessibility of disabled persons in the areas or has particular expertise in relation to the access to premises or facilities of disabled persons

The (Acting) Returning Officer is entitled to make observations on any representations made to the Commission.

What will the Electoral Commission do?

The Electoral Commission is required to consider any representations and observations and may direct the relevant council to make any alterations it sees necessary to the polling places designated by the review. Should a Council fail to make the alterations within two months of the direction being given, the Commission may make the alterations itself.

Proposals

Set out in Appendix A are details of the proposed polling districts and polling places for the Newton Abbot Parliamentary Constituency.

Set out in Appendix B are details of the proposed polling districts and polling places for that part of the Central Devon Parliamentary Constituency which is within the Teignbridge boundary.

Each polling district is given a three letter code, i.e. NAA. Polling district codes beginning with an 'N' form the Newton Abbot Parliamentary Constituency and polling districts beginning with a 'C' form part of the Central Devon Parliamentary Constituency.

Set out in Appendix C are details of the polling stations used at the May 2019 elections, with details of the total number of polling station electors allocated to each one.

A full review of Teignbridge polling places was conducted in 2014.
