

Mayor's report for 4th March 2020

6th February

We welcomed Elaine McNamara from the Purple Angel dementia awareness campaign to Dawlish for the presentation of our dementia-friendly town certificates. I am happy that Dawlish Town Council and councillors have renewed our dementia awareness accreditation with the Purple Angel Campaign, and that the traders of Dawlish Chamber of Trade have worked to achieve the dementia-friendly status too.

I hope that we can continue grow our dementia awareness in the town in the future.

13th February

The Action for Climate in Teignbridge (ACT) workshop that I attended at the Dawlish Community College was really interesting, and very well attended.

1st March

I'll be attending the Civic Service of the Chairman of Teignbridge District Council – Cllr Richard Keeling – in Chudleigh.

I have received a response this week from Stagecoach Southwest in reply to my personal response to their public consultation on the number 2 bus and number 22 bus services. Their consultation ends on 1st March 2020.

Spring continues to show in and around Dawlish, including the delightful daffodils and ducklings.

Cllr Alison Foden
